Shifting Winds Make Shooting Difficult; New Members Make Appearance.

Shifting winds made shooting conditions for the first shoot of the Pass City Gun club this season at the traps near the Country club rather difficult on Sunday morning. The initial shoot was announced as a "beginners' event" but many of the old regulars were on hand to have a crack at the clay birds. Considering the wind conditions, the scores made were very fair. Many new members made their first appearance at the traps and the officers of the club believe that the coming season will be the most successful in the history of the organization.

Shoots will be held every Sunday morning hereafter, starting at 9:30 polock. Beginners are invited to attend any shoot and coaches will always be at the disposal of the novice. Following were the scores on Sunday:
